## ALMA MATER

In Southwestern Mississippi  
Towering toward the sky,  
Proudly stands our Alma Mater  
As the years go by.

Forward ever be our watchword;  
Conquer and prevail.  
Hail to thee our Alma Mater!  
All Southwest! All Hail!

# *A Good Place To Live*

Southwest is a school of character. Founded on the site of an old health resort it still maintains its natural beauty amidst numerous shrubs and stately trees. Lying south of a 5 acre lake, the campus is surrounded by 540 acres of pasture and farmland. The newly renovated auditorium, classrooms, cafeteria and dormitories make for a most desirable place to live.

# A Good Place To Study

To the students of Southwest the facilities to study by are most agreeable. Classrooms are always open to those who wish to study. The new lights in the dormitories and the quietness of our library is superb. Students work together in the keeping of good study habits.

## *A Good Place To Work*

The cooperaton of student and faculty at Southwest makes work come easier. Students that have work scholarships do their work with great enthusiasm. The work of our dietitian is hard but the outcome is most enjoyable.

# A Good Place To Play

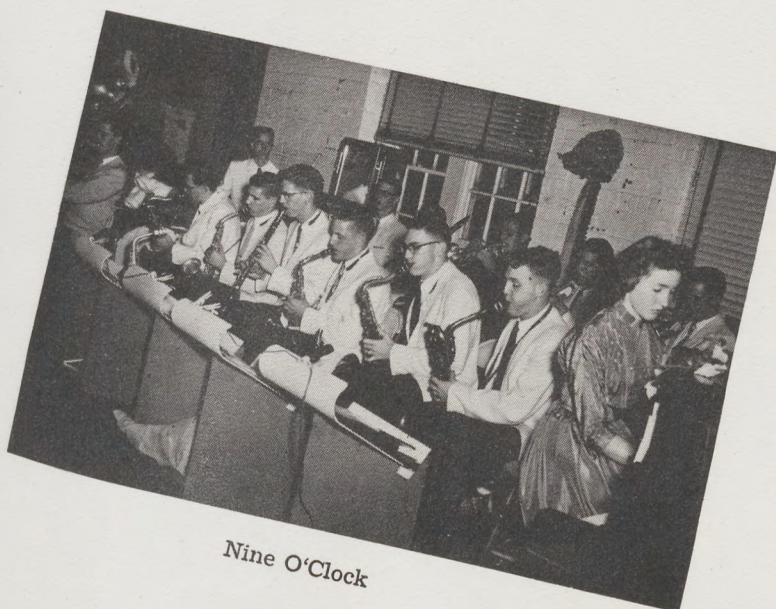

Recreation and relaxation appealing to different taste and interest can be enjoyed here on our campus. Football, intramural and competitive basketball and various other sports are enjoyed at Southwest. Fishing and hunting provide outdoor activities for others. The theaters in town give off campus activities while dances with music by our own dance orchestra and holiday dinners are looked forward to on campus.

*Dedication*

## *Dedication*

To Mr. William Steven Bryan, Jr., whose keen intellect, profound integrity, and inspiring generosity of his time and talents have won for him the admiration and respect of both the faculty and student body alike, we gratefully dedicate this annual.

"The intellect of the wise is like glass; it admits the light of heaven and reflects it."—J. C. and A. W. Hare.

The Sophomore Class of 1958  
Southwest Mississippi Junior College  
Summit, Mississippi.

Dear Friends:

During your stay with us on the campus, you have meant much to the program at Southwest, both as students and leaders.

No doubt, you realize you are living in an all important age. You are aware of the fact, that scientists have made giant strides toward conquering outer-space, by launching into outer-space, satellites made by the hands of man. This should challenge the best that is in you to be leaders of tomorrow. A noble type of leadership, which you are able to give, is needed and will continue to be needed in the years ahead.

Look-up and onward in your quest for truth and knowledge. May the foundation that you are now building help in securing your hopes and desires in this quest.

Sincerely

H.T. Huddleston

#### REVEREND BILL CAUSEY

Pastor of Poplar Springs Drive Baptist Church Meridian, Mississippi. A speaker who is very popular among young people. Rev. Causey has had experience in Student Home Mission work in Alaska and has worked in youth led revivals.

Further proof of Brother Causey's popularity was the response of the students of Southwest Mississippi Junior College. An increasing number of students attended at each service. The students participated in congregational singing and were very attentive.

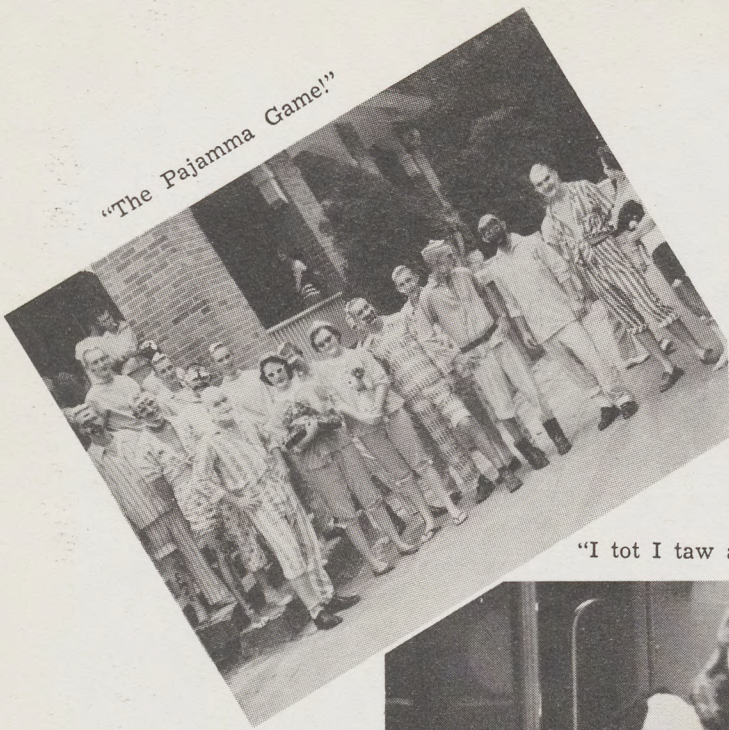

Students further participated in the reading of the scripture, special music, and directing the singing.

Not only did Mr. Causey win the students hearts in the preaching of God's word, but by personal conferences with the **individual student**.

"The Pajamma Game!"

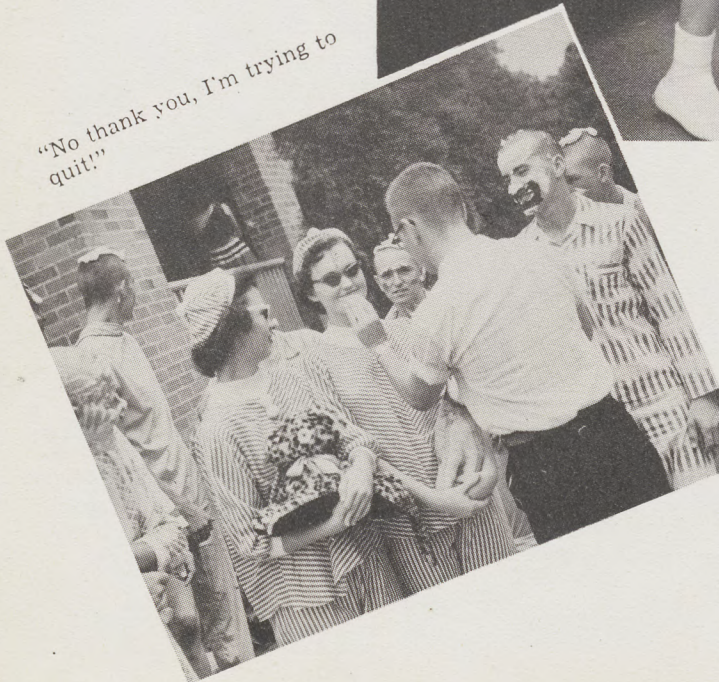

"That's the day we were glamourized!"

## *In Appreciation*

Many hours spent in the compiling of this, the 1958 edition of the "Whispering Pines," were exciting and enjoyable. We have tried to make an annual that in years to come will bring back many treasured memories.

The cooperation of the faculty and students will long be remembered. To those who played a big part in the publication, the advertising staff who worked hard; to our photographers, Mr. John Balser, Mr. John Williams and A. A. Gautreaux; to Mr. Huddleston for his cooperation; to our sponsor, Mrs. Ophelia Lindley for her guidance and inspiration; to the Enterprise-Journal for suggestions and comments that have helped our annual to be better—To all of these I sincerely thank you.

Editor—Sherman Shores.
